General Exercises

Finish the following dialogue.

WE

| Baher a | nd Marwan are talking about where people will live in the future |
|----------------|---|
| Baher | : In the future, I think we will be able to live in houses under the ground. |
| Marwan | :But, (1) I don't think so |
| Baher | :That's right.What kind of energy will they use? |
| Marwan | :(2) They will probably use renewable energy. |
| Baher | How will they produce use renewable energy? ? |
| Marwan | :They will use things like wind turbines to produce renewable energy. |
| Baher | :(4) Will we live in tall buildings? |
| Marwan | :Yes, we'll all live in tall buildings with solar energy, too. |
| | :I think this won't cause pollution. |
| Marwan | :(5) I completely agree. |
| 2 Fin | ish the following dialogue. |
| Hania ar | nd Malak are talking about a poem. |
| Hania | :The sentence in this poem is a tongue-twister. |
| Malak | :Tongue-twister? What do you mean? :(1) I mean that it's difficult to say. |
| Hania | :(1) |
| Malak Hania | :Yes, I read it: She sells sea shells on the sea shore. |
| Malak | :So when you say it's a tongue-twister, do you mean the letters are all the same? |
| Hania | :They aren't all the same, but (3) they are hard to read. |
| Malak | : (4) I'm still confused. Could you say it another way? |
| Hania | : OK. In a tongue-twister, the words are hard to say together quickly. |
| Malak | : (5) Thank you. I understand now. |
| 5 Fin | ish the following dialogue. |
| Tamer | :What do you think of this plan to build wind turbines in the sea near the beach? |
| Sherif | : (1) I think it's a good idea. |
| Tamer | : (2) |

Sherif : I don't agree that they should be built on the land. There is more wind at sea. : (3) I don't think the tourists will like that, can you guess why Tamer : Because many tourists love our beaches and don't want to look at ugly wind Sherif turbines. : (4) In my opinion, wind turbines Tamer look nice, and they won't be very near the beach. Sherif : Perhaps you're right. Do you know how long will it take to build: (5) Tamer :Yes, I know. It will take two years to build it. Sherif Finish the following dialogue. : Did you know that Randa's cousin is a famous newsreader? Noha : (1) No, I didn't know. Hania :Apparently, she reads the local news every night at 10 pm. Noha Hania :According to my mother, she is very good at her job. Noha : (3) That's good! Hania :I think that she might work for the national news soon. Noha Hania Have you heard that she is visiting Randa tomorrow? Noha :No, I haven't heard that she is visiting Randa tomorrow! We should try and Hania meet her.

Read and complete the text with words from the following list.

will - renewable - fuels - won't - recycle - cut

Read and complete the text with words from the following list.

Giants in English - Prep 3

coastal - fossils - grasslands - preserved - species - wetland

Much of the south of England is a coastal habitat next to the sea. Today, sheep and cows enjoy the green (1) grassland where they can eat. However, 250 million years ago, part of this coast was very different. It was then a hot, (2) wetland habitat where animals like crocodiles lived in the wet land. We know this because hundreds of (3). fossils are often found here. Many of them are very well (4) preserved so scientists can study many species of animals from long ago.

fabric - loom - threads - traditional - weaver - weaving

There are a lot of traditional arts in Egypt. I learned about the traditional art of (1)....weaving..... at school today. A (2)...weaver... uses a machine called a (3)...loom....

This crosses (4)...threads under and over each other to make weaving. Weavers can make very beautiful things.

Read and complete the text with words from the following list.

absorb - in - speech - start - starts - with

Today, I'm going to talk about plants in the house. Not everyone has them, but I think you should! I'd like to (1).....start..... by saying that plants are very good for your health. To begin (2)......with......, plants breathe out oxygen, which is a gas that we need to breathe. Also, plants often (3).....absorb...... pollution in the air, making it cleaner for us. In the next part of my (4)....speech..., I'd like to talk about where to put your plants. Some plants smell nice, so I put these in my balcony.

Read and complete the text with words from the following list.

Read and complete the text with words from the following list.

for - governor - photographer - meeting - operator - forward

Read the text, then answer the questions.

WB

If someone asked you to **name** a famous trip to the moon, you would probably say the Apollo 11 trip in 1969. But did you know that when Apollo 17 went there in 1972, there had been five other trips to the moon? There have been no trips since 1972. We all know Neil Armstrong was the first person to walk on the moon, but who was the last person? That was Eugene Cernan. He was on a 12-day trip on Apollo 17 which brought the largest moon rock to Earth! When Neil Armstrong walked on the moon, he said it had been one small step for a man, but a very big step for all of us. When Eugene Cernan left the moon, he said, "We shall return, with peace and hope."

So why were trips to the moon stopped? It was too expensive, but today, as technology gets better, there are plans to send spacecraft to the moon again..

A' Choose the correct answer.

- 1. What is the text mainly about?
 - It's not expensive to land on the moon.
- Trips to the moon.
- Neil Armstrong was the first person to walk on the moon.
- Trips to other planets
- 2. What does the underlined word name mean?
 - mention
- **b** speak

- **c** explain
- (d) travel

- 3. Trips to the moon stopped because they
 - were dangerous.

were not useful.

cost a lot of money.

caused a lot of damage.

B' Answer the following questions.

- 4. What did Eugene Cernan bring to Earth? He brought the largest moon rock to earth.
- 5. When Eugene Cernan left the moon, he said, "We shall return, with peace and hope." What did this show? Any reasonable answer
- 6. When was the last trip to the moon? It was in 1972.
